Sub: Agriculture - Bee-keeping - Special Staff for development - South Kanara Co-operative Bee-keeping Society - Services of a fieldman - continuance 1952-53 - Proposals submitted.
Ref: G.O.Ms.No.4745 Dev. 25-11-51.

In the above quoted G.O. sanction was accorded for the continuance of the post of a fieldman employed under the South Kanara Bee-keeping and Honey Production Society, for one year from 23-8-51. The above sanction expires on 22-8-52. The scheme was first sanctioned in G.O.No.1727 Development Dept. dated 31-3-1949.

2. The Deputy Registrar of Co-operative Societies Mangalore requires the services of the fieldman for developing the activities of the Bailur co-operative Bee-keeping and Honey Production Society and to improve the 3 model apiaries in Mangalore, Badiadka and Chokkadi maintained by the South Kanara Co-operative Bee-keeping and Honey Production Society Ltd. Details of work done in 1951-52 and the programme for 1952-53 are furnished in the annexure.

3. Under these circumstances I request that Govt. may be pleased to sanction the continuance of the post of the fieldman employed under the above Society for one more year from 23-8-52. Details of expenditure is submitted in the Annexure.

4. The expenditure of Rs.1,540/- is debitable to "42. Co-operation - B.Superintendence - A. General I. ordinary areas 2. Pay of establishment.

For Rc 52734/H1/52-1

Office of the Director of Agriculture,
Chepauk, Madras, dated .....

During the year 1951-52 the fieldman attended to the following items of work.

He was engaged in meeting the members of the South Kanara Bee-keeping Honey Production and sale society, Mangalore and the Bailoor Co-operative Bee-keeping Honey production and sale society, Bailoor and other Bee-keepers in the district and giving them instructions on various aspects of scientific bee-keeping and conducting practical demonstrations. He was on tour for 124 days, visited 45 villages and inspected 485 bee-colonies. The following demonstrations were conducted.

1. Hiving wild colonies	50
2. Dividing and introducing bee-colonies.	16
3. Feeding demonstrations	35
4. Cleaning hives against wax moth	134
5. Laying comb foundation sheets.	21
6. Control of swarming	63
7. Control of drones	12
8. Extraction of honey	14
9. Uniting bee colonies	4
10. Fixing brood combs from crosswise position to correct way.	16

He put up shows on Bee-keeping at three exhibitions, one at paddy Breeding Station, Kankanady, another at the cattle fair and show at Sitanadi and the third at the Diamond jubilee exhibition of Kanara High School, Mangalore.

Inspection of Model apiaries opened at Mangalore, Badiadka and chokkadi was also being attended to by him.

The members of the two ~~societies~~ Societies owned and maintained 897 Bee colonies. The societies sold during the year 449 lb of honey leaving a balance of 630 lb. for disposal. The business of the societies can be improved only if the office bearers of the societies evince greater interest.

The programme for 1952-53 will be as follows.

1. Conducting demonstrations on scientific methods of bee-keeping as was done during 1951-52.

2. Supply of bee-hives, queengates and other accessories to interested persons.

3. Popularising Bee industry as a whole especially among the agricultural class as a subsidiary industry.

4. Conducting exhibitions.

The Deputy Registrar of Co-operative Societies, Mangalore has suggested that the fieldman should enroll new members to the Societies, collect share capital and attend to collection and marketing of honey. I do not agree with the suggestion of the Dy.Registrator, in as much as they are the legitimate duties of the Co-operative dept. and the Societies concerned. If the fieldman is made to attend to the above items of work, his legitimate duties of propaganda and demonstration will suffer considerably.
